

DHARMENDRA KUMAR

PROFILE

I'm Dharmendra Kumar Yadav, a passionate software developer and tech enthusiast, currently pursuing B.Tech in Computer Engineering at RK University, Rajkot. I work with Java, Spring Boot, React, Kotlin, MySQL, and MongoDB, focusing on backend development, REST APIs, and web applications. I have developed projects like a Sports Performance Monitoring and Event Management Platform. I also completed an internship at Infosys Springboard, where I worked on a sports event management platform, gaining hands-on experience in Java, Spring Boot, MongoDB, and JWT authentication.
